Dear Board:

It has been a great honor to serve as the Executive Director of Friends of the Navajo County Anti-Drug Coalition and Program Director for Nexus Coalition for Drug Prevention.

The 10 years and 10 months of my affiliation with an organization grown from scattered grassroots to a strongly rooted and blossoming garden became a passion. Together we picked lots of weeds and planted lots of new seeds and grown them to fruition. That garden continues to require maintenance and nutrition to keep it thriving and workers to tend to its growth and health. I believe it is time to cultivate a new generation of preventionists from the homegrown soil that we've been cultivated over the past decade plus,

I have great confidence entrusting Vicky Solomon to oversee the future and growth of this organization, and like me, she will grow into place, learning which plants to discard and which to cultivate. With continued and increasing growth of the always-supportive board of directors, NCDP and Friends has a long road of creating community change now and in the future.

Please accept this letter of resignation as the Executive Director of Nexus Coalition for Drug Prevention, as of Sept. 30, 2017. Although separated by distance, I am always a phone call or email away to lend historical data, guidance from experience and as a sounding board for almost anything-- and certainly on a project basis.

Thank you for the opportunity to serve you, the board, and my community with so much passion and promise and a great measure of proof.

Sincerely,

Debe L Campbell
